

Given to You Without Expense

A few hours spent with your neighbors and friends taking COMFORT subscriptions will bring you generous rewards like these illustrated in this advertisement.

Real Sewing Machine

Given for Three Subscriptions.

The amount of sewing that one of these small sewing-machines can do is surprising. "What won't they get up next!" will be your involuntary exclamation when you see this little wonder of a sewing-machine. The operation is simple. Thread the needle, insert the cloth, push down the catch to hold the cloth and turn the handle—that's all there is to it. Any child five years old can sew perfectly. Comes all ready for work, with spool of thread and clamp to hold it to the table. Full directions with each machine.
