University IT Web Services - Student Jobs

The UITS Web Services team is seeking to fill summer & fall 2015 student jobs. If you or someone you know might be interested in one of these positions, please contact Donna Bieg, Web & Mobile Services Manager, at donnabieg@email.arizona.edu. These positions are highly competitive, so you will want to act quickly. UA Summer job hours run anywhere from 15 - 35 hours weekly, depending on the student’s needs. The hours during the school year average 15 hours per week. Qualified students must be registered as a full time student for the fall semester at the UA.

The UA Web Services team is part of UITS. This team is responsible for arizona.edu, along with providing web hosting and support services for colleges and departments throughout campus. These sites are built using Drupal, which is a web content management system. Students will be mentored by staff members to engage in a variety of tasks related to web hosting, maintenance and support.
